

CARBON LITERACY TRAINING

Faiths4Change are offering Carbon Literacy training to faith communities. Carbon Literacy is an awareness of the carbon costs and impacts of everyday activities. The course aims to give learners the ability and motivation to reduce harmful carbon emissions, on an individual and community basis. This is a full day course accredited by the Carbon Literacy Project. Click [here](#) to read the course description.

Course 1: 14th April: 10.00 - 2.15 and 16th April: 9.30 - 2.15. Contact Liz to book a place: liz@faiths4change.org.uk

If you can't make these dates but are interested please let Liz know.

If you have a group of up to 10-12 we can offer your group your own training date.

ENERGY EFFICIENCY & FUEL POVERTY TRAINING

Energy Projects Plus are offering an online training session on energy efficiency advice for staff and volunteers who engage with vulnerable residents. 10 places available, suggested date of 21st or 29th April. **[Click to select your preferred date](#)**
